

Notification of Intent to Initiate Closure

Coyote Station – Nelsen Pond CCR Unit

October 17, 2018

Otter Tail Power Company intends to close the CCR impoundment known as Nelsen Pond at the Coyote Station power plant near Beulah, ND. This notification satisfies the requirement of the Coal Combustion Residual Rule (CCR) §257.107(i)(7). An amended closure plan for Nelsen Pond has been completed detailing closure procedures. This plan can be viewed on the Coyote Station CCR website. Closure activities will begin in the Spring of 2019.
